

# Course name: SOCIAL NETWORKING ENGLISH LEARNING

URL: <https://www.facebook.com/cepermiguelhernandez>)

Duration (hours): 90 hours (30 weeks) – From 01/10/2013 to 01/07/2014

Target audience (students): from Beginner to Pre-intermediate level (18-65 years old)

## Context:

The course is addressed to senior students to promote the lifelong learning through IT skills to achieve the active participation in the information society. It has been designed under the People Grundtvig Project. The Social Networking English Learning is a way to promote interaction and communication between students to get motivation about foreign languages.

Pre-requisites: Basic IT skills and class attendance.

## Objectives:

- Facilitate the learning of adult learners in English Language Knowledge.
- Promote the use of ICT to achieve communicative skills.
- Increase student interaction.

## Contents:

- English Grammar.
- English Phonetic.
- English Lexical.
- Anglosaxon Culture contents.

## Methodology of work:

First, students will have to sign in facebook and then they will have to look for the School profile facebook. Teachers will update the contents on facebook related to English grammar, lexical, phonetic or Anglosaxon culture for Beginner and Pre-intermediate levels. Students must login facebook and look for the new contents on notes area and contents, videos or links on the wall. The most important thing is that students comment posts, participate and interactive each other.

Resources (technological resources):

PLEs based in the following platforms:

- Youtube (video sharing)
- Facebook (content aggregator tool and sharing tool)
- URL (link sharing)

Evaluation of the students:

There is none.
