# PEOPLE

Background for working plan 3/14 – 6/14

Johanna Jokinen, coordinator

# Objectives:

- \* 6. The concept of the virtual community will widen, joining the learners from the different partner institutions. We will identify learners who share the same subject content (example: English as a second language) and want to create an expanded learning community. This will provide the learners interaction with other countries' people, culture and traditions.
- \* 7. We will share the experiences and good practices with each other and the wider lifelong learning community.the virtual learning community.
- \*

# Expected results

|        |  |
|--------|--|
| 2/2014 | Partners have formed an understanding of what tools the learners use and how they use them to form PLEs.       |
| 5/2014 | Good practices are collected and shared.   |
| 7/2014 | An online dossier of partners' research on PLEs, their methodological experiences and best practices is ready. |
